

**Directions to
One Federal Street
Boston, MA 02110**

Driving Directions

From the North

Take I-93 South over the Zakim Bridge. Once in the tunnel, take Exit 24- Government Center. At your second set of lights, make a right onto State Street. At the next light (intersection of State and Congress) take a left onto Congress Street. Follow straight on Congress Street through two sets of lights. At the intersection of Congress Street and Franklin Street, make a right onto Franklin Street. Then make an immediate right onto Federal Street. Drive up about 150ft, and you will see One Federal.

From the South

Take I-93 North to Exit 23- Government Center. Take a left at the light (towards Faneuil Hall). Stay in left lane and follow straight to next light. Faneuil Hall will be on your left – City Hall straight ahead. Take a left at this light and follow to next light at State and Congress Street. Go straight on Congress Street through two sets of lights. At the intersection of Congress Street and Franklin Street, make a right onto Franklin Street. Then make an immediate right onto Federal Street. Drive up about 150ft, and you will see One Federal.

From the West

Follow the Mass Pike to the end and take I-93 North. Follow the directions from the South.

[*Parking available at One Federal Street or Zero Post Office Square](#)

Directions via the MBTA T

From Park Street (green and red lines)

Head Northeast on Tremont Street, and then take a right onto Bromfield Street. Keep walking straight down Bromfield Street, which eventually turns into Franklin Street. Keep on Franklin Street for about 4 blocks, and then take a left onto Federal Street. Walk about halfway down the block to get to the entrance.

From State Street (orange and blue lines)

Exit the station and take a sharp right onto Devonshire Street. Keep walking until the intersection of Devonshire Street and Milk Street. Cross the street, and go left down Milk Street. Then take a right onto Federal Street. The entrance to the building will be on your right, about 200feet.
